RESPECT

A Message from **Dermot Desmond** Chairman of RESPECT

Dear Friends,

Another exciting and eventful year has unfolded for RESPECT. The fourth DOCTRID International Conference took place at Queen's University in Belfast in April. It was attended by 140 delegates from the USA, Ireland and mainland Europe. The DOCTRID Conference gives us the opportunity to hear and learn from worldwide experts in their chosen field of assistive technologies, which can enhance the quality of life for people with an intellectual disability and autism. Congratulations to Prof Brian Harvey and Prof Mike Leahy for their leadership and commitment to DOCTRID.

In September, we welcomed the first cohort of ASSISTID Fellows to St Joseph's Centre in Clonsilla. Eight Incoming Fellows will conduct their Research in Ireland and five Outgoing Fellows will study at one of the non Irish University Partners. Through DOCTRID and the EU Marie Curie ASSISTID programme, Ireland will become a major international hub for assistive technology research. Three new Hegarty Fellowships were established by DOCTRID in the name of the late Sr Martha Hegarty and these three researchers are based at Michigan State University and will also be attached to an Irish University and will spend time within the Daughters of Charity Services.

I am pleased to report that refurbishment of three Bungalows has commenced at Clonsilla. The new furnishings and equipment being installed will enhance the daily life of the residents.

Fundraising is the key to all our efforts and impact. I would like to thank all of the Committees and Volunteers for their dedication and hard work. RESPECT's Summer Lunch, the Charity Ball and Christmas Variety Lunch all continue to be very well supported, thanks to the superb work by the organising committees and their dedicated and loyal supporters. The Peter Lawrie Golf Outing is an annual highlight in RESPECT's calendar and we are very grateful to Peter for his support. A big thank you to everybody who cycled, walked and ran during the year in aid of RESPECT.

In particular, the 'inaugural' Greenway Cycle and Walk in Mayo was a great success. The RESPECT Shop in Prussia Street has been refurbished and I'm sure this new look will attract even more customers. The volunteers who operate the shop give wonderful service to the local community.

I would like to personally thank Dan Lenihan and Anthony Collins who announced their retirements during the year. Dan was Chairman for over 15 years and Anthony served on the Board for over 20 years. I know you will join me in extending our appreciation for everything they have done. Noel Kidney who is on the Board of RESPECT has been appointed Chairman.

I would also like to welcome some new faces to the fundraising Board, namely, Conor Mallaghan, Michelle Murphy, Dervla Cunningham, Catriona Gleeson and Karen Doyle. These individuals have a wealth of corporate experience between them and we are very grateful to them for giving of their valuable time to RESPECT. I would also like to thank Sr Goretti Butler for all her support, Sr Zoë Killeen, the Board of RESPECT, Liam Walsh and Staff. Finally, we can't thank enough the amazing families, volunteers and supporters who are an inspiration to us all.

Thank you all for your continued participation, support and efforts on behalf of RESPECT, which are warmly welcomed. We look forward to a busy and exciting 2016.

Dublin-Navan Cycle

"It was a great day out for family and friends. A special word of thanks to Diarmuid Connolly for his promotional work together with Sean and Andrew. His efforts brought many new faces on the day." (Bernard Smyth)

Thanks to the organising committee Eoin Peacock, Bernard Smyth, John Keating and Matt Rudden. A special thanks to The Dunboyne Pedlars and to the Gold Wing Honda Bikers. Thank you to all involved and to those who supported the event.

Zoë Killeen DC Director of RESPECT

The year 2015 appears to have passed so quickly, yet as I reflect on it, so many great things have happened for RESPECT and ultimately for people with intellectual disability and autism. My deep gratitude to all of you who have made this possible.

Our shop in Prussia Street, was totally refurbished and was officially re-opened by Diarmuid Connolly and “Sam” in November. Thank You Diarmuid for helping to make it such a joyful occasion. The feedback from customers and volunteers has been extremely positive. A special thank you to Catriona Gleeson, Karen Doyle, Noel Kidney, Dominic Sargent, Stephen Dunne, staff, volunteers and many other people who have helped to make this possible.

The DOCTRID IV International conference was hosted by Queens University Belfast in April, where many academics and service providers gathered, shared and listened to each other in order to find new ways through technology to further enhance the quality of life for people with intellectual disability and autism and help them to reach their full potential. In September we welcomed our new ASSISTID research fellows and wish them well in their various areas of research into assistive technology and look forward to many new initiatives and developments to support people with ID and autism. We also look forward to welcoming our three “Hegarty Fellows” from Michigan State University, in early 2016.

Refurbishment has commenced on the “Cara Residential Centre” project at St Joseph’s, Clonsilla, and the residents are keeping a close eye on its progress and waiting eagerly to return to their new re-vamped homes.

Dan Lenihan resigned as chairperson and also as a member of the fundraising board during the past year. I would like to express our deep gratitude to Dan for his expertise, support and guiding the fundraising board in some building projects over many years and always keeping in mind the people in the service. Anthony Collins also retired from the fundraising board this year. We thank him for his many years of generous service and commitment to RESPECT.

A special thank you to Noel Kidney on becoming the chairperson of the fundraising board. Noel brings a wealth of experience and talent to this position and shares his time so generously in the interest of people with intellectual disability. I would like to welcome Dervla Cunningham and Michelle Murphy as new members of the board and thank them for their time, expertise and commitment. Thanks also to each member of the fundraising board for their time and service.

I would like to thank our Chairman, Dermot Desmond for his continual guidance and support to RESPECT and ultimately to people within the service. Thank you also to Sr Goretti Butler, our Provincial for her ongoing interest and support. To Michael Horgan, Chairman, and all the members of the DOCTRID Research Board, thank you.

Finally my deep gratitude to all the staff in RESPECT, our many volunteers, families, supporters, and friends who continue to support us in various ways throughout the year. Our fundraising challenges are great but together we can make them a reality.

May I take this opportunity to wish you and all your loved ones, every blessing, peace and joy at this time. God Bless

Zoë Killeen D.C.

200km Cycle for RESPECT

Participants with the Organising Committee and Sr Zoë

In June 40 participants took part in a 200km cycle for RESPECT from Dublin to Tullamore and back to Dublin. A special thank you to Vinny Conway, Tony Nulty, Adrian Tiernan and John McMenamin for organising the event. A special thanks to Glanbia, Northgate Transport, SuperValu at Ashtown, Blanchardstown and Enfield, Educo Gyms Castleknock and Network Gym Rathbourne for their support for the event and to the drivers Seamus Tutty and Micheal Murphy assisted by Sabrina Hamper and Ronan Conway. Well done to all the cyclists and thanks to all who sponsored them so generously. Here's to 2016!

Chairman, Fundraising Board

2015 began with planning our strategy for raising funds over the period to 2020. These funds will enable us to continue our support for the Daughters of Charity Disability Support Services and the DOCTRID Institute providing matching funding for the EU Marie Curie grant for the ASSISTID project. Over the year we saw how the hard work, talents and commitment of the RESPECT team at Clonsilla contributed in no small way to our success in implementing this strategy.

The appointment by DOCTRID of the first group of ASSISTID Fellowships brought home to us all the potential of assistive technology in the world of intellectual disability and autism and we

hope to focus on this in the coming year.

During the year Anthony Collins stepped down from the Fundraising Board after many years of providing support and advice. Marian Kelly stepped down from the Board and continues her organisation of the Peter Lawrie Golf Tournament.

I would like to welcome Dervla Cunningham and Michelle Murphy to the Board and we are already benefiting from their expertise and energies!

Dan Lenihan stepped down as Chairman of the Fundraising Board and as a member after many years. In his time in the chair Dan oversaw the growth of RESPECT and our funding and advocacy for the completed projects at Glenmaroon and Clonsilla and I saw how Dan's commitment and practical approach was central to a successful outcome. I was honoured to be requested to succeed Dan as Chairman.

In what will soon be three years into her role as Director of RESPECT, Sr Zoë Killeen continues to introduce the changes and development required in our organisation as we continue to raise support for projects in the Service and address the challenges of DOCTRID. Sr Zoë brings the ethos of caring to all our activities, keeping all of us focussed on what we are doing and for whom we are doing it. Thank you Sr Zoë.

I would like to thank our Board Members, RESPECT staff, volunteers and the many many supporters of our events for their contribution during the year. We receive ongoing support and advice from Denis Cronin CEO of the Service, Sr Goretti Butler Provincial of the Daughters of Charity, and Michael Horgan Chair and the members of the DOCTRID Board, for which I would like to thank them.

On behalf of us all, I would like to thank Dermot Desmond for his commitment as Chairman of RESPECT and his continued encouragement, support and advice.

RESPECT has changed the lives of many people with intellectual disability and autism, with your help the coming years will see our efforts going beyond our achievements with bricks and mortar into a wider world of international research.

Thank you

RESPECT Shop Opening

The official opening of the newly refurbished shop in Prussia street took place on Tuesday the 10th of November. We were lucky enough to have All-Ireland winning Dublin footballer Diarmuid Connolly to cut the ribbon on the day. Diarmuid brought along the Sam Maguire and brightened up the morning for the volunteers and locals. A big thank you to all the ladies who so generously give up their time and make the shop such an important part of the community. We are very grateful to Dominic and Stephen who did a terrific job transforming the shop into such a bright and inviting place. We appreciate all donations, big or small and look forward to your continued support.

The DOCTRID Research Institute (www.doctridd.ie) was established by the Daughters of Charity through its foundation RESPECT as an international network of universities, DoC Disability Support Services and individuals with a mission to improve the lives of people with Intellectual Disability (ID) or Autism Spectrum Disorder (ASD) through evidence-based research and technologies. DOCTRID supports empirical research programmes across different sectors including assistive technologies (www.assistid.eu), ethics, behavioural and social sciences to enhance the Care and Service delivery for the individual and enrich their lives in education, employment and independent living.

The latter half of 2015 saw an expansion of the DOCTRID research programmes through the appointment of three new Sr Martha Hegarty Fellows and thirteen Marie Curie ASSISTID Fellows. The Hegarty Fellows, Drs. Hyun-Ju Kang, Rebecca Irvine and Nicole Neil will divide their two year research appointments between Michigan State University and an Irish host university. The host universities for this group of Fellows include: NUIG, TCD and Queens University. Their projects will also involve service users and staff at the DoC and are focused in the areas of employment outcomes, policy, accessibility, self-advocacy and behavioural interventions. Some of the ASSISTID projects include increasing independence of individuals with ID or ASD using smartphones, virtual learning and employment training, interactive toys and computerized speech development. A special focus is being placed on the ethics and policy of assistive technology and its role in social inclusion.

Finally DOCTRID has been invited to present the "ASSISTID programme: supporting fellowships in Intellectual Disability and Autism" to the EU Luxembourg Presidency Conference on Equal Opportunities, Gender and Diversity, 10th December 2015.

CEO, Daughters of Charity Disability Support Services Ltd.

Dear Friends

This has been a particularly busy year for the Daughters of Charity Disability Support Services as we prepare for registration inspections of our residential facilities by the regulatory body HIQA. The Service manages 75 designated centres across three regions in Dublin, Limerick and North Tipperary.

To date 23 centres have been registered and we look forward to the remainder being registered in the New Year. Needless to say the regulator is particularly critical of sub standard facilities, and the Service is grateful for the contribution which RESPECT has made to assist the Service in refurbishing some of our residential accommodation over the last number of years. We are delighted that RESPECT have agreed to support our most recent refurbishment project, Cara Residential Centre at St. Joseph's in Clonsilla. Work has already started on this and residents are looking forward to moving into their revamped bungalows in the new year.

I am delighted to see that RESPECT's involvement in research continues through DOCTRID and the appointment of the research fellows is a great achievement. The research proposals are very interesting and I am sure they will contribute greatly to our overall understanding and capacity to support people with intellectual disability.

As we approach the holy season of Christmas, I would like to thank everyone involved with RESPECT for their ongoing support and wish everyone a peaceful and holy Christmas and a very happy New Year.

Greenway Here We Come ...

This family friendly event took place on Saturday 9th May when a great number of people took to cycling and walking the Greenway route from Achill to Westport.

We were blessed with the weather, as people enjoyed what is one of the most scenic routes in the West of Ireland. A special thank you to Derek Tallant, as this was his brainchild and what a great fundraiser it turned out to be for RESPECT. Thank you to all who supported this event.

The good news is there are many enquiries for next year already!

Peter Lawrie Golf Classic at Carton House

The Annual Peter Lawrie Golf Classic took place at Carton House GC. on Monday 7th September and was a resounding success. Thanks to the 24 teams who entered and to my fellow committee members namely Marian Kelly and Roger Hynes. A special thank you to Peter who travelled to be present for the evening event and prize-giving. We were blessed with the weather and all players seemed to have enjoyed the many challenges of the Montgomerie Course. Congratulations to the winning team from Avenue Cafe who were also one of the main sponsors of the day. Goretti Butler DC

Provincial of the Daughters of Charity

Another year is quickly passing and a New Year is round the corner so as we approach the Christmas season I am very happy to have this opportunity to wish each of you and your loved ones a very blessed and happy Christmas

Christmas brings family and friends together; it helps us to appreciate the love and care in our lives that we can often take for granted, it is a time for remembering the past and hoping for the future.

Once again on behalf of the Daughters of Charity Community I would like to express my appreciation and gratitude to Mr. Dermot Desmond and the RESPECT Board Members; to Mr. Noel Kidney and the Fundraising Board Members and to Mr. Michael Horgan and the DOCTRID Board Members who have supported us so generously during the past year. A special word of thanks to the many friends and volunteers who have contributed in so many different ways to the development of RESPECT and in so doing are helping to give our people with an intellectual disability a much better quality of life.

Two long serving members of the Fundraising Board – its Chairman Mr. Dan Lenihan and Mr. Anthony Collins resigned recently. It would be impossible to quantify what each has done over the years to making RESPECT what it is today. Fundraising is always a challenge but both Dan and Anthony have over many years led RESPECT with enthusiasm, energy and wisdom. They will be missed greatly but we all benefit from the legacy and example they left us. A sincere thank you to you both. May you both enjoy a blessed and happy retirement.

We are very happy that Noel Kidney took on the role of Chairman of the Fundraising Board following the retirement of Dan. Noel has been a member of the Board for a long time and brings a wealth of experience to the post and for this we are very grateful.

We welcomed two new members to the Board in January, Dervla Cunningham and Michelle Murphy. They each bring new vitality, expertise and ideas. I would like to thank Michelle and Dervla for agreeing to join the Fundraising Board and hope that they will find the work rewarding despite the challenges.

Finally a special word of thanks to Sr. Zoë, Liam Walsh and all the team in the RESPECT offices. They are the people who link us together and who work tirelessly with the Boards of Management, the service users, fundraising events and volunteers.

May this Christmas be a season of great joy for each of you, a time for remembering the past and hoping for the future
